1. Serves as crew leader in the field.
2. Performs all duties of Sewer Service Worker I and II.
3. Safely and skillfully operates one or more of the following specialized equipment: vacuum truck, boom truck, combination sewer cleaner, rodder, camera truck, wastewater and reclaimed water pump stations.
4. Ensures that required maintenance to specialized equipment is performed in accordance with O & M Manuals and policies of the District. Inventories and organizes spare parts.
5. Performs blue stakes.
6. Responds to emergency or abnormal facility situations outside of normal work shift.
7. May be required to be "on-call" and carry a District phone and/or pager.
8. Performs other duties as assigned.

REQUIRED KNOWLEDGE AND SKILLS

1. Knowledge of District policies and procedures.
2. Knowledge of methods and techniques of sewer repair, maintenance, and installation.
3. Knowledge of materials used in system repair and construction.
4. Knowledge of the hazards and applicable safety rules and precautions in equipment operation and construction safety.
5. Knowledge of blue stake requirements.
6. Knowledge of traffic laws, ordinances, and rules involved in equipment operation.
7. Skill in the use and care of tools and mechanical equipment.
8. Ability to interpret and work from blueprints and engineering sketches.

9. Ability to detect needed maintenance, repairs, and operational adjustments in equipment.
10. Ability to understand and follow oral and written instructions in the English language.
11. Ability to work in a variety of weather conditions with exposure to the elements.
12. Ability to work with raw sewage and chemicals using normal protective equipment.
13. Ability to work in small, cramped spaces and comply with confined space entry procedures.
14. Ability to lift and move heavy objects (100 lbs.) short distances (100 feet or less).
15. Ability to climb ladders to enter or exit manholes or vaults.
16. Ability to establish and maintain good working relations with other employees and the general public.
17. Ability to work independently.
18. Ability to plan and direct the work of subordinate employees.

REQUIRED TRAINING AND EXPERIENCE

This position requires graduation from high school or equivalent and at least one year's experience at the Sewer Service Worker II level. Other combinations of experience and education which provide the knowledge and skills required to perform the job may be considered.

ADDITIONAL REQUIREMENTS

1. Must pass a pre-employment physical and drug test.
2. Must possess a valid AZ CDL with a good driving record.
3. Must possess a Grade 3 Arizona Department of Environmental Quality Wastewater Collection Certification.
